Comments and Highlights on next page

Comments: It was painful to get so close to an undefeated regular season. Kuemper deserved to win today. From the top down their guys served well and hit well-trained groundstrokes. They will be tough to beat in the conference tournament on Monday. We'll have to shake this loss off quickly, because now we enter the post-season. We have the capability to do well, but we'll need to continue to practice hard to perform better.

Highlights: Andrew Hrabik kept his head against a player with beautiful groundstrokes and serves to win 10-6 and finish the regular season with a 10-1 singles record.

Ryan Petersen fell way behind 1-6 but settled in to bring the match back to 7-8. Unfortunately he fell short in the 7-10 loss.

Joel Aurand and Andrew Hrabik completed the regular season with an 11-0 unblemished doubles record with a 10-2 win against Kuemper's #3 doubles team. They make a good partnership who'll need to continue to be our closers for us down the stretch as we continue to face more difficult opponents.
