Outlook for Season:

We have six returning starters from last year. We also have alot of team speed. I think we will bring alot of enthusiam and excitement to the field this season. Our pitching should be a strength with Samantha Claussen, Alexa Beeck and Shelby Pieper.

Although we have some experience, we are very young. We will need to do a better job of hitting, and putting the ball in play to score runs.

Concerns are just being fundamentally sound defensivlely and young players being able to perform at the varsity level.

2nd year as Head Softball Coach.
