## Comments:

“IKM was very easily the better team tonight. They wanted to win more than we did, and it showed.” Tonight I can not say that the girls really gave it there all. I felt like they were wishing it would happen more than they were going to make it happen. It was a definite loss that you will look back on and think of everything that we could have done better.

In game one, the girls came out and started off nicely. We were doing things the right way, and playing hard. As the game continued we still were playing, I just felt that we were letting IKM hang around too much. We ended up going on a couple nice serving runs, and ended up winning 21-18. Even with the win, I didn't think that we had given it our all, and was excited with what the girls would come out with in game two.

I was hoping for the win to spark the girls a little bit for game two, but they just didn't want to work for the win tonight. IKM did a great job of taking advantage of that, and did not let up. IKM kept coming at us, and had us down and did not look back. They simply were not going to let that ball hit the floor no matter what, and their determination paid off. IKM took game two, winning 11-21.

Going into game three, the Monarchs were just playing, while IKM was competing for the win. I really feel that was the difference. It was sad to see the girls as they just went through the motions, and not really fight for the win. Game three went in favor of IKM, and I credit them for how well they (IKM) fought. Final score was 15-9, IKM.

I really felt that tonight's loss should have stung a little for the girls. I am really hoping for the girls to bounce back as we wrap up our season next Tuesday night on the road verse Atlantic. We will hit it hard with our last couple practices, and hit the road next Tuesday, hoping to finish off the season with a victory!”
