**Comments:**

"Tonight was a big road win for the girls. We started off strong in game one with a big lead, but slowly hurt ourselves. I felt that game one slipped away from us by our own mistakes.

After losing game one 24-26, we came back in game two with a lot to prove. Game two we played better, but still after we were up with a big lead, we had a poor finish to a great start. In the end however, the girls stuck with it and we we took game two 25-20.

In game three, the girls fought hard, battling for the win coming out on top, 15-13.

Looking at the games tonight, I'm happy with how we over came our mistakes. It shows the heart that the girls have for the game, and their teammates. The girls battled hard, and their hard work paid off.

Overall, I am happy with the win, but am anxious for the next week to host Gleenwood and Red Oak at home."
