## Comments

Today was our third year at the Boone Invitational. The format is designed to test the depth of a squad. Players had to choose whether to play singles or doubles. In the Varsity Division, there were 3 flights of singles and 3 flights of doubles. In the JV Division, there were 2 flights of singles and 2 flights of doubles. I placed our six best players in doubles competition, which meant in singles our usual top 3 JV players were usually facing the other teams varsity players. It was a rough outing but they did pull out two wins. It was good to see Blaine Brodsky/Braden Curnyn and Adonay Arellano/Danny Saldana pull out impressive wins over Ames securing 3rd place finishes for both of them. In the JV Tournament, Grant Fink had an impressive day going 4-1 just barely missing out of a 2nd place finish.
