Comments:

We struggled against a tough Kuemper team. We definitely started with first game jitters and couldn't shake the deficit that it caused.

I thought that we started game two with a higher level of play. We were in the game at 15-15 but then struggled with one of the servers and fell behind.

Game three also started better than game one. I was pleased that the girls didn't give up.

If we examine the basics, we didn't serve well - 76%. I also know that this statistic will improve for us.

In game one, we really struggled with our serve reception. Unfortunately, this causes the chain reaction because with a bad pass, the setter can't get the ball to the hitter. I feel that our hitters are a strength for our team, but tonight they didn't get the chance to show it.
