Erik Anderson (Storm Lake)

Comments from head coach Nick Bradley: Another tough night for the Monarch wrestlers. We had a shot to beat Le Mars and we let it get through our fingers. We made a lot of rookie moves. We would be winning a match and get turned. I saw positive things from our young guys. We just need to wrestle more in the off season to understand certain positions. I talked to the boys before they went home and told them that they have to get faster, more physical, and mentally tougher in the next year. We have some boys that are going to be good wrestlers next season if they work hard this summer. The varsity will have a tournament this weekend to qualify for the state tournament. We will go to Glenwood and hopefully someone will walk away with a state berth.
