Team fouls: Carroll 4, Denison 6

Denison points: Cody Schulte 4
Jaxson Henningsen 4
Tag Okwer 2
Ben Matthews 2
Anthony Arambula 2
Austin Aviles 2

Comments by Coach Eller: "We did a better job of doing the right thing on offense. We made some good entry passes, had some good movement on the perimeter and had some good dribble penetration and kicked out to the open teammate. We really didn't force up many bad shots. However, we just couldn't knock down open shots from outside or contested shots from inside as Carroll did a great job of playing help defense whenever we got the ball inside. We still need to work on recognizing when the double team is coming and getting the ball passed to the open teammate instead of trying to dribble through 2 or more players. We also need to recognize the open post players in transition and they did a great job hustling down the court in transition. The effort and hustle was there the entire game and we made some really good plays on defense to take away many of their transition opportunities. We continue to play good defense and do a good job of keeping the other teams' point total at a respectable score".
