The boys had a winning season. They also placed 1st at their Monarch Baker Tournament, 5th at the Hawkeye 10 conference tournament, and placed 2nd at districts qualifying as a team for the state tournament. In the individual portion of state qualifying Jake Fink qualified. It was very exciting for Jake Fink as he made it all the way to the finals and ended up placing second. This year's team was very young. We ended the season with 1 senior, 3 sophomores, and 2 freshmen. Jake and Ethan both brought experience to the team this year that they were able to pass along to the other members of the team. The team learned a lot this year and what it takes to compete at a higher level. They're already thinking about what they need to work on next year so they can continue having success.

The girls had a winning season. They also placed 1st at their Monarch Baker Tournament, 1st at the Hawkeye 10 conference tournament, and placed 4th at districts. Unfortunately, the team did not make it to state this year. In the individual portion of state qualifying, Brianna Musgrave and Brittany Musgrave qualified. It was very exciting for Brianna Musgrave as she made it all the way to the finals and ended up placing second. The dynamic of the team this year was interesting as the varsity finished with 3 seniors and 3 freshmen. The seniors did a great job leading the freshmen, showing them what the sport is about and the freshmen have a good base to set themselves up for the rest of their high school careers. We will be graduating three seniors from the varsity team (5 seniors total). We're excited to see how the team grows next year and who is going to step up into those leadership roles.
