Coach Comments

First night out, I was actually really impressed how we responded after some sluggish practices and scrimmages over break. I thought we did a lot of good things well offensively out of the gate. In the 2nd quarter OABCIG turned us over a bit a got a little run to get the lead, I thought we got a little tired and flat footed that got us out of our spots defensively and we weren't sharp enough on offense during that stretch. In the third quarter give credit to OABCIG, I think they hit 4 of their first 5 shots and 3 of them were threes to open up a double digit lead (17 largest lead). But give our guys credit and they responded late in the third quarter and 4th quarter and really fought all the way to the finish. We will continue to get better to help getting our roles defined and work on some things on both end, but even in a loss there was a lot of things I liked to see on our first night out.
