There was no need for the 5th kicker to take his shot for either team.

Comments by Coach Trevino: "CBAL gave us a very tough game. They controlled possession early and then we made our spurts with controlling possession. Both teams missed out on really good chances to win the game before the shootout, with shots inside 10 yards not on goal. Both teams played good defense and really limited the chances for their opponent to get off good shots, so the chances to score were rare. We need to put all of those good opportunities on goal. We only got off 3 shots inside of 15 yards all game, and of those 3 shots, the only shot on goal was the goal we scored. Overall, it was a good win against a good 3A team that has played a very tough schedule. They are the best team that we have beaten so far this season".
