Comments and Highlights on next page

Comments: Cherokee was a step up today in talent level and I'm very happy to see how we handled the challenge. The matches will continue to get tougher throughout the season and I hope we keep responding like we did today.

Highlights: Harrison Dahm looked like a complete player. He set up points nicely to manipulate his opponent in a decisive 10-0 win.

The combination of Colin Reis' strong serve and aggressiveness was too much against his decent opponent. He didn't lose a game in either singles or his doubles match with Harrison.

Carson Seuntjens looks amazingly polished in only his 2nd high school match. I can't wait to see his game keep improving throughout his sophomore campaign.

Braden Curnyn didn't play it safe with his groundstrokes and it paid off today in his first varsity win.

Connor MacGregor maintained his composure being a game down through much of the first half of his match. At 4-4, he finally broke through and took the 10-5 singles win.

I was so impressed with our freshmen today. Jimmy Escalante's serve was of varsity quality and both he and Jorge Zuniga played well at the net.
