Comments and Highlights on next page

Comments: This match could have swung either way, but we pulled out some big wins in singles and played good doubles to come out with a solid team win. Our doubles play has been slowly improving.

Highlights: Owen Galvin was swinging big in his singles and doubles wins. When he is on, he is such a good player. He has been starting to construct points smartly and not having to rely on his power.

Grant Fink survived a marathon singles match that ended up clinching the team win for us.

Jayden Bradley fell down 1-6 in singles before mounting an impressive comeback. He ended up just falling 7-9.

Roman Bygness and Cesar Cardona, Jr. just overpowered their opponents in both singles and doubles. They really give our team some nice depth in the #5 and #6 position.

Javin Baker improves every match in doubles play. Owen and he won comfortably 8-1 in the #1 doubles spot.
