Comments and Highlights on next page

Comments: Kuemper has a strong team this year. It is never fun being dominated on a tennis court, but there were some positives today. We performed much better against Kuemper than we did last year, particularly in doubles play. Also the JV continued their impressive season winning in exhibition 4-2.

Highlights: Javin Baker in his varsity debut picked up a singles win in the # 6 position. This is first season in tennis but he has picked up smart point construction early. It is fun to see him perform well at the net.

Varsity Singles Winners: Javin Baker
