The first meet out was a good learning experience for a lot of our Monarch Athletes. We brought a lot of athletes that hadn't had a lot of experience in high school track meets. The coaches and I were talking and we had only had two kids that had come to this meet in the past 4 years. We were able to see times in action and can judge the next couple of weeks how we improve. We had 3 PR's from last year's times/throws for returners.
