	49	Abdiel Corona	18:48:00	
	54	Raul Castillo	19:06:00	
	72	Jorge Barajas	21:15:00	
	DNF	Angel Garcia		

Comments from Head Coach Raegan Magnuson :

Coming into tonight, we knew we were placed in an extremely competitive district. Our kids rose to that challenge and came to the meet mentally and physically prepared to compete. We are proud of the way both teams showed up and fought for every place. The girls got us started tonight, and they truly fought hard from start to finish. They left everything they had out on that course and many finished better than what they were projected. Each girl brought into holding an uncomfortable pace, even when things got tough tonight. Taelen, Monroe, and Isabelle finished within 10 seconds of each other, pushing one another throughout the entire race. Caroline and Brylee dug deep in the final stretch, passing girls within the last few feet to help our team. This is a group of girls who work hard, are coachable, and are always looking for ways to improve. We know we took some big strides collectively this season, and we are excited to see what this group can accomplish next year! On the boys' side, Kevin Sanchez earned a top-15 finish and punched his ticket to state! He got out strong and put himself in a competitive position from the start, which he carried through the entire race. He finished 11th with a huge PR of over 30 seconds and truly left everything out there in his senior season. Unfortunately, Angel Garcia suffered an injury during the race and was unable to finish. He has grown so much this season, and we are excited to get him healthy and back to work as a key leader for us next year. Luke Ullrich also earned another PR tonight. It has been great to watch him grow throughout the season, and I truly believe he is only scratching the surface of what he is capable of. Quinn, Abdiel, Raul, and Jorge rounded out our varsity lineup and ran gritty races in a very competitive field. Abdiel also walked away with a 40-second PR of his own! We are proud of this group of boys and the season they put together. Collectively, they competed at a level we haven't seen from our boys' team in the past couple of years, and it has been exciting to watch them grow and push one another throughout the season. We are proud of the growth both teams made and the work they put in along the way. Our girls wrapped up their season tonight, but Kevin still has one more race to go. We can't wait to watch him compete at state next Saturday! Go Monarchs!
