	75	Jaxx Luetje	20:08:00	
	77	Abraham Ramos	20:11:00	
	82	Matthew Sandoval	20:49:00	

Comments from Head Coach Raegan Andersen:

Tonight's results weren't exactly what we hoped for, but we couldn't be more proud of our athletes. The competition was tough, and the field was stacked, but our runners represented our school and community with pride, giving everything they had out on the course. As coaches, that's all we can ask for. Our team came into the meet prepared—both physically and mentally. The race started fast and never slowed down - everyone was chasing the opportunity to make it to state. On the girls' side, the team placed 12th overall. They did a great job adjusting to the quick pace and many of them capped off their seasons with personal records. Our girls team isn't afraid of hard work. Many of them are already talking about next season and are committed to putting in the work during the off season. On the boys' side, the team finished 10th overall. The boys looked and ran strong tonight. They were all competing to put their team in the best possible spot they could. They listened to coach feedback and surged when needed. Many of them also left tonight with a personal record. Their placement alone doesn't always tell the full story of the race, and we are extremely proud of every one of our runners and the effort they gave tonight. Anna Galvin, Andrea Flores, Charlotte Schrum, Jaxx Luetje and Matthew Sandoval all ran their last race in a Monarch jersey tonight. As coaches, we want to thank them for their dedication and time to our program over the years. It has been exciting to see their growth both as runners but even more importantly as people. They've each left their mark on the team in unique ways, and we wish them nothing but the best in the next chapter of their journeys. For our program, we know that every race is a step forward - and today gave us crucial experience we need to keep getting better.
