Comments from Head Coach Raegan Magnuson:

We had a great night at the SCC meet! Both of our high school teams came away with team wins, and our middle school boys also took home 1st place. Going into the high school girls race, we talked about how packing up is one of our biggest strengths and something that needs to continue to happen. They did a great job of that tonight, with Taelen, Isabelle, Monroe, Jocelin, and Brylee all finishing within 40 seconds of each other. The girls not only stayed together, but they did a great job of helping each other when one of them started to struggle. They continued to challenge each other and push the pace while making sure no one fell out of the pack. This is exactly what we have been talking about, and it was really fun to see them put it into action. The girls came away with the team win scoring 45 points. The high school boys also had a strong night, taking 1st place with 39 points. Kevin led the way with a 2nd place finish, followed by Angel in 4th and Quinn in 6th. Luke finished 10th and Raul rounded out our top five in 18th, giving us five runners in the top 18. I really liked the way our guys competed tonight. Having five runners finish in the top 18 made for a really solid team race, and everyone did their part to help us come away with the win. This is something that we are going to continue to need to see, especially in the coming meets. Our middle school boys had another strong race, especially with a longer course tonight. Seth, Isaac, Ezra and Kilmar all finished in the top 15. Ezra had a great race tonight. At our last meet, he missed out on a medal by just a couple of places and that definitely gave him some extra motivation. He ran great and earned a top 10 finish. It has been really fun to watch this group continue to get better. Our middle school girls finished 3rd as a team. We had a few girls play volleyball and then come run with us tonight. Our girls continue to get out strong, but we need to keep working on the second half of the race and continuing to push when we get tired. We will have a quick turnaround as we head to Atlantic on Thursday. It will be a great meet, and our kids are excited for the competition!
