Comments from Head Coach Raegan Andersen:

Tonight was a tough one for us. Atlantic's meet always brings strong competition, and tonight was no exception. Going into the race, we knew the first mile would be quick—it was flat and downhill—so many of our runners went out fast and had a faster first mile than they are used to. The middle school teams started us off tonight. The middle school boys did a great job of leaning on each other to push through a challenging course. They made strong moves together and continue to show great effort. The middle school girls once again showed their dominance. After losing to Glenwood at Harlan by just a few points, they were excited for another shot tonight and they came out on top. This win will only serve as extra motivation heading into the Hawkeye 10 meet. They know they have what it takes, and they understand how important each runner's role is to the team's success. For the high school races, Isabelle Blume (41st) and Monroe Bygness (47th) led the girls' team, while Kevin Sanchez (20th) and Angel Garcia (41st) paced the boys. Brayden Adams ran an outstanding race in the JV division. He got out strong and maintained a solid pace throughout. He finished with his best time of the season. As a team, we need to remember what we've been working toward all season. The finish line is approaching quickly, and now is the time to want it even more than the person next to/in front of us. We'll travel to Shenandoah on Thursday for the Hawkeye 10 meet, where we'll face much of the same competition from tonight. We'll be ready for another chance to compete stronger and smarter.
