Comments from Head Coach Raegan Andersen:

Tonight was a challenging one for our Monarch runners, with hot conditions, little breeze, and Storm Lake's fast, demanding course that pushed everyone from the start. Even so, our athletes stepped up and competed hard across the board. The middle school girls kicked things off with a strong 3rd-place team finish, led by Jocelin (4th), Taelen (7th), and Caroline (9th) all placing in the top 10. They continue to push each other daily, and we're working on packing up to make even stronger moves as a group. The middle school boys finished 9th, highlighted by a gritty performance from Seth Ullrich, who dug deep for a strong finish in his debut with the squad. On the high school side, the girls earned 9th place, led by Isabelle (27th), Monroe (36th), Charlotte (58th), and Heydy (66th). Hailey has been especially consistent the past few meets, getting out fast and staying with the lead pack. As a team, we need to focus on pushing the pace earlier and staying comfortable at that "uncomfortable" level. The high school boys finished 13th, paced by Angel Garcia (42nd). We had several different athletes fill varsity spots for us tonight. Jaxx, Omar, Jorge, Brayden and Raul Salas were our scoring 5. As a team, we started too far back in the pack tonight and with such a quick field, it made it tough to close the gap. We'll use the time before our next meet at MVAOCOU on September 25th to get healthy, sharpen our strategies, and keep progressing toward our end-of-season goals. Each meet is a step forward, and we're determined to keep building.
