Comments from head coach Nick Bradley:

What a fantastic night of running for the Monarch XC team. I would like to thank Majestic Hills Golf Course for allowing us to run our home meet on the course. The course was in absolutely beautiful condition!! We heard many comments from people about how they liked the course and how challenging the course was. The course was challenging. Denison is full of hills and our golf course is no exception. All the kids did a great job. Our girls continue to work hard and compete. 4th place is a good showing for our girls. However, we have been looking to stay in the top 3 throughout the season. We have competed a lot in the last 2 weeks and I think that is starting to show now. We have to stay healthy and listen to our bodies. We will adjust some of the things we are doing to ensure that our athletes perform at peak performance. The boys team ran a tough, gritty race. We are still struggling with some injuries that have slowed us down. Again, we will adjust so the boys can recover and compete at the highest level possible. MS girls continue to get better each week. We have to continue to pack up and push each other. It helps tremendously when you have a teammate next to you that you can run with. The MS boys continue to dominate. They listen to the coaches and make the necessary adjustments during the race. The boys always start great, pack up throughout their race, and then finish fast. We are excited to see this group of boys continue to get better over the next several years.
