Comments from Coach Trevino: "The game was back and forth with the shots and possession being pretty even. The 2 biggest differences were when Glenwood got their 1 on 1 with our goalkeeper they finished. We had (2) 1 on 1's with their keeper that we shot right at him. The other big difference was when Glenwood countered and had us scrambling on defense, we left guys open by neglecting to stay marked up. We aren't playing with enough discipline in the midfield or on defense, and that has led to us giving up way too many goals this season. Offensively, we continue to struggle to score against good teams. We had 12 shots on goal, but 11 of them were right at their goalkeeper. We continue to put most of our shots in the middle of the net. We aren't putting many shots inside of the post or into the side net".
