Medalists	Score	Comments from the coaching staff:																		
Laura Sweeney (CARR)	87	We were a little short-handed and wind gusts made it tough playing conditions today in Carroll. Our girls competed well and were able to place fourth out of eleven teams. Our scores were highlighted by Tessa Peterson's 101, which was good enough to place seventh (on tiebreakers). Camryn Schultz was also in top 10 contention, but just missed out, with a 107. The wind played a factor on nearly every shot and our girls got some experience playing out of the sand. Our goal is still to continue to improve and be able to line up some of our better rounds on the same day to improve that team score.
