Comments by Coach Eller: "We played another tough team tonight that has challenged themselves against a very tough schedule. Treynor does a great job of controlling possession with short passes. They have a lot of speed and whenever we had opportunities to counter they ran us down quickly. They have a couple of very talented strikers that can finish from well outside the box and also create their own shot off the dribble. In the 1st half, we couldn't possess because we tried to play a long ball whenever we had a touch and gave it right back to them. In the 2nd half, we did a better job of controlling the ball and made some nice combination passes to create some possession. We also did a better job of playing team defense in the 2nd half by shutting down the middle better than we did in the 1st half. We need to commit to playing a short passing game by moving without the ball and talking to maintain possession. Committing to that will lead to more shots and not having to play defense as much as we have been. The majority of the toughest teams on our schedule are now behind us".
