Comments by Coach Eller: "We did a very good job of controlling possession. Our girls did a good job of moving without the ball to open up passing lanes. Our communication was good as I could hear the girls talking to each other. Defensively, we got beat on a couple of counters but other than that we were very solid. East Sac County did a good job of staying between us and the goal to limit our shots. Once we started moving the ball side to side, we created some shots. We had some players gone today, so some younger players gained valuable experience at the varsity level. We have battled a lot of adversity the past few weeks, but the girls have done a great job of staying positive with each other".
