Comments by Coach Eller: "We decided to go with 3 forwards and 4 midfielders instead of 2 and 5 in the hopes of creating more shots. We did create more shots, and some of our shots were fantastic shots. We hit shots just inside the post and just under the crossbar for all 5 of our goals. Carroll has a good keeper who saved a lot of our good shots because she has good agility and quickness side to side covering the goal, in addition to being tall. The goals we

scored were shots no keeper was going to get to. We had an emphasis on being more aggressive on offense, both in taking shots when we had space and being more aggressive in attacking the defense when we had 1 on 1 opportunities instead of regularly looking to pass the ball in those situations. Our passing continues to be a work in progress, but at least we are looking to possess the ball with short passes. We did have some really good passes over the top of the defense and wide down the sideline to create some goals and good shots for us. We played with more confidence tonight than we had played with the past 8 games. We need to continue that aggressiveness on offense the rest of the season. Our defense and goalkeeping were very solid again”.
