Comments by Coach Eller: "The girls did a great job tonight of moving the ball with short passes and controlling possession. Carroll did a good job of not letting us get many shots inside of 12 yards as they defended around the box well. We did a great job of taking the shots from further out when we had the space to shoot against their packed in defense. We also did a better job of using the whole field and not having the ball get stuck on one side of the field. Defensively, we did a great job marking up and picking up their trailers when they countered our possessions. I could hear the girls talking to each other and we really limited Carroll's looks at good shots. We also played mistake free to earn the shutout as a team! We got to play a lot of girls in this game which was important because tonight was our 9th game in 11 days. The girls will get some much deserved time off following this win".
