Coaches Comments: Today was a fun (windy) day of tennis. We knew coming into today that there were a lot of great teams and players that were going to be at this tournament in Shenandoah. We played great tennis and ended up placing 1st overall as a team. We tied Shenandoah with 13 points, but won the tiebreaker between them. This was definitely a goal for us to win the tournament which is awesome to see it happen. We are going to use this momentum and carry it into next week where we have 3 home matches.

Individual Highlights: Kiana Schulz and Abby Gutierrez have been dominating their opponents. Their power and consistency has been too much for their opponents. They are both 3-0 in singles play this year.

Claire Leinen and Lynnae Johnson had a slow start to their day, but the second match looked a lot more comfortable and aggressive which helped them place 3rd. I was proud of how they overcame some challenges.

Zoey Beery and Abbey Meseck lost the championship round in a tiebreaker. I was proud of how they never gave up. They played some solid tennis today.
