**Comments**

Today was a fun day of tennis! There were many good tennis players in Atlantic today and we competed with some of the best competition around the state. Claire and Abby played their best tennis today and fell one match short of state. They have a lot to be proud of and avenged a loss today which shows you how much they have improved. Kiana placed 2nd and beat some outstanding opponents along the way. Her powerful serve was the best it has ever been. Kiana qualified for **state** in Iowa City May 24! She has been close so many years on qualifying and to see her finally get there is amazing. What a way to end her senior year. Lynnae, Zoey, and Abbey had some tough draws, but I was proud of how they competed on the court. Looking ahead, we have team regionals on Friday in Denison. Our first round is against Harlan. Go Monarchs!
