#### Comments from the Monarch coaching staff:

Tonight was definitely an eye opening experience that showed us where we are and where we want to be. We wrestled three good teams and got it handed to us physically, but our girls showed their fight and toughness. We were tough to turn many times throughout the night and there were a few times where we were winning or in a close match that ended in losing by fall. We're still a young team in both grade level and experience level and it's important that take our frustration and use that as fuel to improve. It's okay to be frustrated after a night like tonight, but the sun will rise tomorrow and we'll get back to practice after school. A couple points of emphasis moving forward will be to limit damage in terms of not letting takedowns lead to back points and learning how to extend a match to keep ourselves in it. We also need to prepare for the physicality of varsity competition to be ready for next time out on Saturday at West Monona.
