Comments from the Monarch coaching staff:

Another night of tough wrestling from our girls. We are still just scratching the surface on how good we can be, but we certainly are tough - and that's a great start to being a wrestler. Angie Rivera and Daniela Salinas took home top honors at their weight classes for the second straight meet. Taylor Totten was runner-up at 190. We had a few other good performances where kids showed some guts. Giana Garcia went six minutes with the top seed before losing and then ripping off three straight wins to get third. Grace Collins, Remigia Raymundo, Andrea Alcaraz, Kasandra Barroso, and Alexa Tremblay all battled through the back sides of their brackets to place in the top 4.

All of our girls showed flashes of good things at times tonight. Marisol Granados is so close to breaking through and she doesn't even know it yet. Taya Adams wrestled incredibly tough in the best bracket at the tournament. Andrea Lupian picked up her first win as a freshman while tagging along to a varsity tournament.

We're really happy with our progression through the first week of the season, but there is still a long way to go so we need to keep our focus on the big picture. In the meantime, we will get ready for our only home meet of the season on Monday November 27th as we host Carroll, Audubon, and Hinton.
