Comments by Coach Eller: "Heelan has a very young varsity team, so that greatly affected their JV team as all their young talent was on varsity. This was the 1st year I've coached against a Heelan JV team that wasn't good. We had a huge speed advantage against Heelan that we didn't capitalize on enough. We had chance after chance early that we either didn't put a 1 on 1 vs. their keeper on frame, didn't get a body or head on a good crossing pass, or passed through balls or balls over the top right to their keeper. We did pretty much everything well except for finish goals. The 1 goal we gave up was the result of a forward trying to beat a player off the dribble instead of keeping the ball moving with passing. The forward got the ball taken from him and then fouled that player from behind, giving Heelan a free kick. We didn't mark up well and after 1 deflection Heelan had a player wide open from 6 yards out for an easy goal. Overall, we did a very good job playing the ball out wide control possession and to create shots. Areas for improvement continue to be midfielders getting back & marking up on their counters and putting shots on goal instead of trying to kick the ball as hard as we can. Our defense did a much better job of not getting too high up when Heelan countered".
