Comments by Coach Eller: "Another great game by the JV boys. We completely dominated possession and did a great job shutting down all of Harlan's counters as we limited them to only 3 shots. We did a great job playing the ball wide and to the corners to draw their defense out. We also did a great job of overlapping and playing as a team. We missed a couple very easy chances to score early, but we got them to go later in the game. We had our first game where the wind was a big factor and we adjusted pretty well. It was a good learning experience for playing defense going into the wind. We need to continue to get better going to the ball when the passes aren't moving very fast. We lost out on several 50/50 balls today despite us being the much better team. We also need to do a better job of not getting offsides".
