Comments by Coach Eller: "The JV played another very good game today. We still got offsides too many times as we didn't adjust to their off sides trap as well as we needed to. However, when we timed our runs staying on side we created a lot of great scoring chances. Our shooting was very accurate today on our closer shots. Our defense was very solid again and really limited their good scoring chances. Considering we beat them 1-0 just a couple weeks ago, we finished our shots much better in this game. This was a good game to get all of the players a lot of playing time".
