Comments:

The Monarch JV fell to Lewis Central by a score of 9-5. Wyatt Randeris gave us another good start on the mound. He did a good job working out of trouble and going 4+ innings.

We were able to get off to a hot start by scoring three in the first by way of walks, stolen bases, and past balls. That lead was whittled away before we tacked on two more in the third, once again by using patience at the plate and aggressive baserunning. Unfortunately, we gave up a big inning in the top of the fifth and were unable to tack on runs in the bottom half of the inning despite Lance Arkfeld's leadoff double.

We've had some trouble with giving up those big innings lately, and we need to focus in at the end of games and finish off these wins that escape us.

We are back in action at home on Thursday as we host Kuemper.
