It was a great night to be back on our home track and get to compete against many of our local schools and in front of a great crowd. In what was our second full meet of the year we had 22 PR's spread out across both the Varsity and JV team. From the field events to distance and sprints individuals performed at their best which is all the coaching staff can ask for. We will be back in action next week on Tuesday at Harlan and then again on Thursday in Council Bluffs.
