Comments from the Monarch coaching staff:

The Hawkeye 10 tournament is an extremely tough tournament. We brought a lot of guys to this tournament. I wanted them to compete against some of the best wrestlers in the state. We competed hard. We have a very young team and this was a great learning experience for them. They learned a lot in each one of their matches. Joel Murillo had a great tournament. He was able to avenge his loss to his Kuemper opponent and try for the 3rd place. Joel ended up finishing 4th. This is a great accomplishment for the young freshmen. Jaxson Hildebrand also had another phenomenal tournament with a second place finish. Jaxson lost a tough championship match 5-2. This is another loss to CJ Carter of Glenwood. However, Jaxson definitely closed the gap from his first match. The Monarchs have one last home dual next Thursday. This will be a quadrangular with Storm Lake, SCN, and LC.
