Comments from head coach Nick Bradley:

What a great first night of wrestling for the Monarch wrestlers. We were able to get some of our nerves out at our wrestle-offs the other night. That really helped us tonight. The guys came out ready to compete. We started strong against West Monona and just came up short by criteria. This was a tough loss for us as a team. However, it is a good learning experience for our guys that every match and point matters. We continued our attacks against Tri-Center. We were able to capture our first dual victory of the season. Missouri Valley is a very tough opponent. Their wrestlers are physical and experienced. We did our best to match their physicality but were unable to maintain it through the entire match. We are extremely proud of what we saw tonight. We have a lot to learn, but the guys are willing to learn and grow and win. Varsity will see action again on Saturday at Harlan.
