Comments from assistant coach Jacob Brawner:			
We are really proud of the kids we brought to wrestle in Carroll today. Our kids have worked hard up to this point in the season and they battled as they ended the semester of competition. We wrestled a few six minute matches and kept some matches close to give			

ourselves a chance to win. Luis Chan picked up a couple good wins to boost his confidence, Kaiden Krajicek won a match, and Jaxson Hildebrand was a hammer and avenged his only loss of the season by taking first place. Hildebrand's win by fall in the finals breaks a school record with his tenth consecutive win by fall. The previous record was nine set in the 1974-75 season.

It feels like our kids are starting to have a plan when they go out to wrestle and are looking to execute that plan. We don't look as lost during matches as we did earlier in the year. I think we need to continue to focus on wrestling a full six minutes because we lost three matches by pin in which we were losing close or ahead when we got pinned. We will also take Christmas break as a chance to recharge, add to our repertoires, and master some of the technique that has served us well up to this point.

Our varsity is done competing for the semester, but the JV heads to Sioux City on Monday for some much needed mat time for them.
