<b>Comments from the Monarch coaching staff:</b>			
<p>We had a tough go of it today at the Dan Hill Invitational. I think we were a little shocked at how tough every single match would be and I think the grueling nature of the day wore on use a little bit. It was just the first tournament, and we will adjust our approach and process moving forward. We stressed the importance of finding those small improvements from one meet to the next. Regardless of the W/L record today, our guys can take something they learned from today - on or off the mat - that can help them moving forward.</p> <p>We did have three wrestlers place with Juan Rafael bringing home a 5th place medal along with Manny Alcaraz, and Garret Plagge bringing home 6th place medals.</p> <p>We don't get much of a rest as we have meets Tuesday, Thursday, and Friday next week.</p>
