Comments from the Monarch coaching staff:

Tonight was a tough night for the Monarch wrestlers. We finished off our last dual of the year with 2 losses. Effort was definitely there for our guys. We were just out muscled in several matches. The kids continue to listen and learn and are getting a ton better. We have to remember that we are young and have a ton of talent in the coming years. Our guys are invested in the program and are hungry to learn and grow as wrestlers. We are now heading into 1 week before the district tournament. The top 2 places at districts advance to the state tournament. We have to work on the mental aspect of the match with our guys in the next 7 days. The guys have to believe that each and every match is a winnable match. We will travel to Fort Dodge for districts.
